Dear Dr. Alessandro Bessi

Greetings from [PSG College of Technology]!

On behalf of the Department of Applied Mathematics and Computational Sciences, PSG College of Technology, Coimbatore, India, I extend an invitation to you as a plenary speaker at the International Conference on Computational Intelligence, Cyber Security and Computational Models (ICC3), December 19-21, 2019.

ICC3 is a biennial conference that focuses on the rapidly advancing research areas of computational intelligence, cyber security and computational models. The Department of Applied Mathematics and Computational Sciences has seen 3 successful editions of the conference until date.

[ICC3 2017] edition witnessed representations from over 15 universities globally which include Gwangju Institute of Science and Technology, Vrije University, University of the Basque Country, IITs, University of Memphis, University of Southern Mississippi and top notch R and D Industries like IBM Research, Adobe Research and TRFI; and the proceedings have been published in the CCIS Series of SPRINGER (Communications in Computer and Information Science - Volume 844).

Artificial Intelligence and Cyber Security being the prominent research areas among students and researchers in the present day, we believe that this conference serves as a platform for experts to share their knowledge. I believe that your rich profile and expertise in the subject will be a great value addition to the attendees of the conference. The conference will be held during December 19-21, 2019 and details about the same are available here: http://www.psgtech.edu/icc3-2019/

Please let me know if you will be able to grace us with your presence by replying to this email. The faculty and students of the Department of Applied Mathematics and Computational Sciences are looking forward to interacting with you!

Regards
With Thanks and Regards
Suresh Balusamy Ph.D
Associate Professor
Department of Applied Mathematics and Computational Sciences
